Dear families,

Two weeks ago Mrs Clarke and I had the amazing opportunity of traveling to Menindee (150km South East of Broken Hill) to lead the school for a week while their executive team was away at professional learning. Menindee Central School is a K-12 school which currently has 100 students enrolled.

This was an amazing professional learning opportunity for both Mrs Clarke and I. To work in an isolated rural school was a real eye opener. We forget how lucky we are to live in a metropolitan area and have so many resources at our doorstep.

On another note all teachers are currently working extremely hard on student reports. These reports along with parent / teacher interviews provide feedback about how your children are going at school. Please take the time to read student reports carefully and do not hesitate to contact your child’s teacher should you have any questions. Reports will be sent home on Monday 23rd June.

Regards
Greg Turnbull
Principal

Blairmount Smartphone App
Blairmount now has its own Smartphone App. The App is available to download from both the iTunes Store and the Google Play Store.

The App will be used to further enhance the communication between the home and school and will add to what we already do with our school webpage, Facebook page and Twitter account.

Public Speaking
The Multicultural Perspectives Public Speaking Competition 2014 South Western Sydney Local Final will be held at Thomas Acres Public School on Thursday 19th June.

Proudly representing our school in Stage 2 are Ruby C and Tanesha L and in Stage 3 are Rachel K and Brandon P.

We are extremely proud of these students who have diligently practised and built their confidence and skills, well done.

K/1M Star of the Week
For showing that learning is important to them, the star of the week for:

- Week 4 was…… "Ryan F"
- Week 6 is…… “Chad L”

Congratulations Ryan and Chad, you should be very proud of yourselves.
Peer Support Update

In week 6 the leaders taught the group a 3-step model to encourage resilient responses: Pause, Plan, Proceed. The students took part in activities to identify their feeling and the immediate effects on their bodies, i.e. butterflies in their stomachs. Pausing: taking a few deep breaths, counting to ten or staying still, when we are emotional can be helpful. It can assist us in seeing a situation more clearly and help us in making a positive plan. Please ask your child to explain the 3 steps and how they might use them in different situations.

In week 7 the leaders will be focusing on step 2 of the model, Plan. The students will be learning to develop a range of coping strategies. Responses include persevering, seeing the positive side to situations and engaging in activities they enjoy as a distraction for a short time. Please encourage your child to talk with you about strategies they could use as difficulties arise.

The peer support leaders report that the students in their groups appear to be happy, cooperative and enthusiastic!

Fundraising for Passfield Park School

As part of their Living in Communities unit of work, the students in 3N have decided to help a good cause in their own community. Passfield Park school is a school for the disabled in Minto, which is desperately in need of money to buy special computers that can be used by their students in order to access the technology that so many of us take for granted.

3N will be selling and making smiley face biscuits at recess every day in week 8. The biscuits will cost 50c each. There will also be a silver coin round up collection pot in each classroom so please help support their efforts by sending in any loose coins you may have floating around the house. There will be a fantastic prize for the class that raises the most money!

3N is excited about hosting a visit from some of the children from Passfield Park later in the term.

Sydney Writers’ Festival 2104

On Friday 23rd May 2014 48 eager writers from Blairmount arrived at school at 7.30am. After a quick wave goodbye to their parents, they boarded the coach with Mrs Gibbs and Mr Sperling and headed into Sydney. Upon arrival the students climbed the steps of the Town Hall building and were ushered inside.

Arriving early gave students the advantage of being seated front of stage. As all the other schools entered the auditorium chatter and excitement filled the air. When asked what they hope to get out of today, Rachel 6D answered, "I'm hoping to learn how the authors come up with their ideas for their stories." Tariq 4J answered, "I want to see and listen to real authors."

Before too long the festival started, Ursula Dubosarsky introduced her story book - Too Many Elephants in the Room. Andrew Joyner demonstrated how he commences his illustrations including how he transforms an idea into a picture. This was followed by the authors and illustrators answering questions from the students giving a greater insight into how stories come together.

Next was Felice (Feleeshay) Arena author of Farticus Maximus and ex Neighbours Actor who danced his way onto stage. He explained that many school Principals always get his name wrong including - Felicity, Felecky, Fe -lice or the Specky Dude.

He talked about how his career has changed from school teacher, to actor and finally author. His talk also included how his ideas have developed into books and are now being developed for a TV series.

He talked about how to take stories from idea to manuscript and how a literary agent can be used to take your story to a publisher including having your story published in other countries and languages.

He explained enthusiastically with hilarious laughter from students how various bodily functions have been great inspiration for his stories.
The next poet/author was Steven Herrick... He started with a few poems.

This followed with a demonstration on how to write Refrain poems, where each line starts with the same word. Then List Poems eg 10 Things Your Parents will Never Say to You. Students particularly liked the poem - 10 Things Your Teacher will Never Say To You.

During the breaks, Students had the opportunity to purchase books and have them signed by the authors.

Cornelia Funke the international German Author was next. Her novel Inkheart has also been made into a Hollywood Movie by the same name.

She spent some time setting the scene and reading her book... She followed up with questions and answers including how she felt her Novel Inkheart was transformed from a carpet to a napkin for the purpose of making the film... Explaining to students that text is often far richer for imagination than film. The students were fascinated with many eagerly buying her novels for signing.

Cornelia also presented the school with a signed poster for our library of her new novel Spiegelwelt (Mirror World).

It was a great day and extremely inspirational and informative for our students.

Alyssa R
I really feel that Alex should have an Iguana because it will keep him company when he’s sad.

It has to be time that Alex had an Iguana because it would help him be more responsible.

Malachi A
I believe that Alex should have an Iguana because he does not have any company when he goes to sleep.

In my opinion Alex should have an Iguana because they are quiet.

Sophia T
I’m sure Alex should have an Iguana because his brother is only a baby.

I think Alex should have an Iguana because he has no other pets.

Grace F
It is clear Alex should have an Iguana because I know he will be responsible enough.

5G's Trophy Title-Holders
I am very proud of the learning that continues to occur in 5G. The following students have worked hard to achieve their learning goals

For reading:

For spelling:

For comprehension:
Sarah, Annalise, Samantha, Justyce, Cassi, Ashley, Ocarina and Caterina.

Congratulations to these students and every student in 5G who is continually trying their best.

Mrs Gawthorne.
Problem Solving in 1T

1T were given a problem to solve: What is the best unit to use to measure the length of the oval?

They worked in small groups and had a variety of measuring tools available to use. Some students used trial and error to decide which unit was best to measure the oval. Others quickly worked out that they needed a large unit to measure the oval, such as a metre ruler or steps, to help them measure the oval quickly.

Each group explained their findings to the class. They all decided that the most effective unit to measure the length of the oval was a metre ruler, strides or feet.

Great problem-solving 1T!

Mums Fun Night 2014

On behalf of the Kindergarten team and all the staff at Blairmount, we would like to thank all the mothers who attended the Mum’s Fun Night last week. It was a great turn out and I am sure all the children loved having you there.

This year the Mums joined their kids for these 4 fun rotations:
- Making loom bands
- Tai Chi
- Biscuit decorating
- Making Photograph placemats

Thanks again to all the Mums who attended, and for helping to create that special memory for your child in Kindergarten.

Regards,
Shane Pereira

Maths in KP

In KP this term we have been focusing on communicating in our Math’s lessons, and the kids have been doing a great job. After learning about Data and creating some picture graphs about our favourite ice-cream flavours and the different eye colours in the classroom, I asked the class to tell me what Data is and Chloe came up with this great answer:

“We collect data and put it in a graph to see how many there are”.

Well done KP!
Mr Pereira
QuickSmart at Blairmount

At Blairmount Public School we are very lucky to have access to the QuickSmart Maths Intervention Program. QuickSmart is a responsive small group intervention that uses strategies aimed at developing fluent and efficient maths skills. It aims to improve the numeracy development of students to help them achieve their academic potential and ensure they are actively and successfully engaged in the classroom.

QuickSmart consists of a 30 minute session 3 times a week for 30 weeks and here at Blairmount we have just had our first group of graduates. We are very proud of these students and hope they will use the skills they’ve learnt to continue to enjoy Maths.

Sorry Day

Sorry Day is an annual event that is held on 26 May to remember the Stolen Generations.

1A made sorry signs out of sand and red, black and yellow card to commemorate all of the cultures and generations lost.

Our school football teams also wore black arm bands to the West All Schools’ Carnival to pay their respects on behalf of Blairmount Public School.

Sydney Writers Festival - Lyric

After attending the Sydney Writer's Festival Lyric from 2/3L wrote and illustrated 3 of her very own picture books.

Lyric said after listening to the authors she was drawing a picture of a tiger and thought this could be a character in her own story. She decided to call her book 'The Two Tigers'. It was about a mother tiger and her cub that had to search for a better place to live because zookeepers were trying to capture them.

Lyric then wrote two other books called 'The White Kitten' and 'The Small Snake'. Lyric said she got her idea for her third book, 'The Small Snake', because she sometimes sees people not helping other people who are hurt and she wanted to write a story to inspire people to help each other.

Going to the writer's festival and listening to the authors talk about how they get their ideas for their books inspired Lyric to start writing her own books. Lyric said she likes writing picture books because they can help younger children learn things when they are older like helping people, not making fun of others and caring for animals.

Well done Lyric!

Breakfast Club

Just a reminder that our breakfast club is open every morning from 8.30am till 8.50am. All students are welcome to come and enjoy some toast made by Mrs Golledge, Mr Alone or Mr Ritchie. The breakfast club cannot serve toast after 8.50 am to ensure students have enough time to finish their breakfast and return to their lines.
Zone Cross Country

Last Tuesday 50 students travelled to Thomas Acres Reserve to compete in the Zone Cross Country Carnival. The course was long and all students did their very best.

We were very lucky to have three students advance to the Regional Cross Country Carnival. Congratulations to Saymon S for coming 2nd in his race and Cyle W for coming 3rd in his. Deacon Fox will also be competing at the next stage. We wish them all the best.

I would also like to apologise any inconvenience caused by the late change of leaving time on the day.

Miss Maxwell

Library News

Bookclub
Issue 4 bookclub is due back on or before Monday 16th June.

Premier’s Reading Challenge
It is pleasing to see so many of our Year 3-6 students completing the challenge this year. We still have about 2 and a half months until it finishes. Plenty of time to read 20 books!

A big thank you to Mrs Jayne Price for her continued volunteer work in the library. She works very hard to make sure books are back on the shelves for our students to borrow.

Mrs C Burden
Teacher Librarian

Ready Set School
The Ready Set School students have had an enjoyable day at big school this week. All of our students have been really enjoying the activities planned for them & are doing really well settling in. All parent feedback has been very positive. All students who attend the program will be made to feel part of the school community and will get to know many of the staff. I encourage you to take this opportunity to help get your child ready to start Kindergarten. There are limited places available for the program so please contact Penny Golledge on 4626 1795 to confirm your place for Term 3 or 4.

Attendance

Attendance at Blairmount is always a priority. We want to congratulate students at Blairmount for fantastic attendance to date. We are currently at Attendance of 94%. We still have a number of students late each day. It is extremely important that students arrive to school on time to ensure that your child does not miss out on the important learning activities scheduled early in the day when they are most alert. It also helps your child to learn the importance of punctuality and routine and reduces the opportunity for classroom disruption. The school has a variety of documents to support you so if you are experiencing difficulties with your child’s attendance please contact Penny Golledge on 4626 1795.

Starting this week all children that are at school on time & have 100% attendance will go in the draw to win a $5.00 canteen voucher. The winner will be announced each Monday at lunch time assembly. This will continue to run for the remainder of the term. Good luck to all students.
Books in Home Programme

We hope that all children who received their books from the 'Books in Home' programme are enjoying reading them.

We are almost ready to hand out our next group of books. These will be given in Week 8 at our Friday assembly on the 20th June. We are lucky enough to have a special guest from 'Books in Home' attending the assembly.

Julie Ditrich is the Director and comics creator at Black Mermaid Productions, a small publisher that specialises in producing comic books and specifically mermaid stories for an international audience. She also runs a professional development service called Comics Masterclass for the next generation of Australian comics creators. Julie will present the new group of students with their books.

We look forward to Julie visiting our school and parents are welcome to attend.

Zone Softball

Recently Charli E attended the zone softball carnival as part of the Campbelltown PSSA team.

The team were undefeated in all four games and made it to the grand final against Razorback. The Grand Final was a tight affair, being all tied until the last five minutes. Eventually Campbelltown won in a playoff.

Congratulations to Charli and the Campbelltown team.

Parking in School Zones

Parking offences in School Zones are in a higher penalty category and attract two Demerit Points. Parents are asked to consider the parking signs at their children's school to better protect school children from HARM.

In the last financial year 28,748 motorists were booked by local council rangers or police for parking illegally in school zones. Motorists are not giving way to pedestrians and other vehicles, making illegal u-turns, driving and parking on footpaths and nature strips, not reversing safely, stopping near a pedestrian crossing and double parking. Parents face fines of up to $405 and losing two points off their drivers licence for offences such as stopping near a pedestrian crossing. It's a $304 for double parking in a school zone or stopping in a bus zone to drop off a child.

It is important that motorists obey all road rules whether in school zones or in general traffic. There are good reasons to slow down in school zones, to save the lives of our children, to save motorists points, money and their licence.
Using the School Crossing

Last year in NSW 42 people lost their lives by being knocked down by cars. This year so far, it’s already 25.

Therefore the Roads & Maritime Service is strongly advising for your safety to only use the crossing to cross the road.

Mental Strategies in Mathematics

An explanation of the jump and split strategies

These are two of the mental strategies that your child may talk about when explaining how they solve addition and subtraction questions. In the Semester 1 school reports, your child’s teacher may report on how your child is using these strategies. Below is an explanation of the strategies using addition examples.

The Jump Strategy

Using the jump strategy on an empty number line

\[ 46 + 33 = 79 \]

could be done ... \[ 46 + 10 + 10 + 1 + 1 + 1 \]

Students record the jumps they make and where they land on the line until they get to the answer.

or could be done ... \[ 46 + 10 + 10 + 10 + 3 \]

The Split Strategy

Numbers are split into tens and ones. For example, 46 becomes four tens (40) and six ones (6), and 33 is three tens (30) and three ones (3).

Addition

This makes it easier to add the tens and the ones \(40 + 30 + 6 + 3\)

On paper, you would work it out this way:

\[ 46 + 33 = 46 + 30 + 6 + 3 = 70 + 9 = 79 \]
